About Me

Welcome Beautiful Soul!

My name is Hannah and I am an Intuitive Healer and Life Purpose Mentor. Helping Entrepreneurs Activate and Sharpen their Psychic Abilities to take their Business to the Next Level.

I have been working as a Healer, guide, teacher and more for many, many lifetimes. I've built Reality Awareness from the ground up to a Million Dollar Company, taking myself off government benefits and freeing my Soul. My gifts are strong, deep, very connected and run back a very long way, back through to Ancient times, when practises of magic, mysticism and Earth based spiritual practises were real, very active and accepted on this planet.

These gifts, live in my blood, they are in my DNA and it is here that I activate my awakening again this lifetime, to serve again, to the highest level of evolution to help humanity awaken back to their true nature.

Welcome Beautiful Soul!

We are about to rock our 3 Workshops to Activate Your Psychic Gifts and take them to the next level in your business and life.

This is taking you out of the lethargy, out of the doubt and into deep trust within yourself and your life, without guilt and obligation as they are the two most Soul crushing and energetically heavy places you can be in when you are trying to deeply align to your Soul's purpose and path.

This workbook you can print out and have with you, or write the titles down in your journal, so you can solidify the trainings pouring through to support your next level in your Psychic Development.

Each Training is available to work through at your own pace.
